Duration (Minutes)	50	50	50	50	50			
Frequency per Week	5	5	5	5	5			

Our seniors have two unique opportunities available to them: The Senior Project and the Senior Research Project. Both projects allow students to propose a research inquiry, execute intensive on-site and off-site research, and present a data-driven conclusion or solution. The Senior Research Project, in addition to documenting their findings, requires students to write a 4,000–5,000 word paper according to a rubric developed by the College Board. Both opportunities support our seniors' nascent sense of investigation and research, and require them to present their findings before their community. Please contact our Admissions team for more information.

Note: While we do not offer a High School Program at this time, we are actively working with the city of Bellevue to offer it in the future.
