Preschool Program

We're in session for summer!

Ages 2 - 4

We're in session for summer! Our summer program is a fun-filled adventure for children ages 2 to 4. Each week, preschoolers jump into action, participating in fun and exciting activities and special events. Our activity blocks are sprinkled throughout each week, giving preschoolers fun and variety in their camp day.

The Artist in Me

Campers will get crafty using a variety of materials to create wacky and abstract masterpieces, nurturing their creative flair!

Build it Better!

Little builders dive into messy fun with hands-on building projects using Legos, foam, clay, and more!

Jr. Olympics

Little champions practice sportsmanship through fun sports and games, focusing on sharing, taking turns, and being a great friend.

Splash-tacular!

Campers stay cool and have a blast with water-themed games, water tables, sprinkler runs, and more, making a splash this summer!

Kids Helping Kids

Campers learn the joy of giving back as they work together to help community members in need.

Connect the Dots

Campers exercise critical thinking and problem-solving skills through engaging activities.

Minute to Win It

Ready, set, go! Campers enjoy a thrill working together to complete fun and sometimes silly tasks before the clock runs out.

Tinker Around

Young learners experience S.T.E.A.M. through fun projects that encourage questions, problem-solving, and exploration.

Listen to Your Art

Campers engage in movement and dramatic play, expressing themselves and fostering creativity!

Curiosity Lab

Campers delve into the wonders of science and exploration, sparking their curiosity and creativity!

Have you ever wanted to make your own websites and apps? In this innovative hands-on coding and tech camp, you'll learn the skills of a coder and the mindset of an entrepreneur through building apps – your own app and also an app for a nonprofit. You'll build apps and games and work on real web apps. Previous students have been covered in multiple local news outlets for apps they've built for homeless shelters, veterinarians, and local climate nonprofits!

Big Island (Hawaii) Highlights

From the raw power of active volcanoes at Volcanoes National Park to the captivating Punalu'u Black Sand Beach, where we might spot green sea turtles basking on the unique shore, and the marine wonders at Kealakekua Bay, we'll create lasting memories of this diverse and breathtaking natural paradise.

Volcanoes National Park

Study volcanology at the Kilauea Visitor Center, hike through volcanic craters, scalded deserts, and lush rainforests; walk into an actual lava tube and see two active volcanoes. This 300,000-acre national park is home to Kilauea Volcano, one of the most active volcanoes in the world!

Punalu'u Black Sand Beach

Visit one of the most famous black sand beaches in the world. These beaches get their color from volcanic lava contacting the ocean—as the lava cools rapidly, it shatters into small basalt fragments giving the beach its black color.

Kealakekua Bay

Board a catamaran for a cruise to Kealakekua Bay, a Marine Life Conservation District. Snorkel in the brilliant blue waters and see vibrant coral, tropical fish, and on occasion, spinner dolphins. The Bay has historical significance too, as it marks the spot Captain James Cook first landed on Hawaii Island in 1778.

Kilauea Iki Crater Hike

You'll start in a lush rainforest and descend to the floor of the Kilauea Iki Crater, a solidified lava lake which still contains many active steam vents. The vibrant colors and varied wildlife of the rainforest is a stark contrast to the steam vents, cinder cones, and splatter cones found in the crater.

From the Big Island to Oahu

As we bid farewell to the enchanting landscapes of the Big Island, where we've explored the Halema'uma'u Crater, we transition to Oahu. There, we'll continue our educational journey with an ascent to the iconic Diamond Head, offering panoramic views of the Pacific. At Pearl Harbor, we'll pay our respects at the USS Arizona Memorial, and then immerse ourselves in Hawaiian culture with a traditional Luau and Polynesian Show.

Halema'Uma'U Crater

Located on the summit of Mount Kilauea, this underground lava lake has formed a crater that's nearly 3,000-feet in diameter and over 200-feet deep. Students will enjoy a night hike to the crater and stop along the way for stargazing in the pitch-black, unpolluted sky.

Diamond Head

Climb the 99 stairs to the top of Diamond Head, a well-known landmark of the Honolulu Volcanic Series. This 763-foot volcanic tuff cone summit boasts an exhilarating 360-degree panoramic view!

USS Arizona

The USS Arizona Memorial, at Pearl Harbor in Honolulu, Hawaii, marks the resting place of 1,102 of the 1,177 sailors and Marines killed on USS Arizona during the Japanese surprise attack on Pearl Harbor on December 7, 1941, and commemorates the events of that day.

Hawaiian Luau and Polynesian Show

Enjoy a traditional Hawaiian Luau and authentic Polynesian show. Students will learn how to play the ukulele, participate in a hula dance, and discuss the local legends and the cultural connections the Hawaiian people have to the land. This is a Hawaiian favorite you don't want to miss!
