

**GRADE 6** 

|        | MONDAY                         | TUESDAY                        | WEDNESDAY          | THURSDAY                       | FRIDAY             |
|--------|--------------------------------|--------------------------------|--------------------|--------------------------------|--------------------|
| 45 min | Biology                        | Physics                        | Biology            | Physics                        | Chemistry          |
| 45 min | Chemistry                      | Chemistry                      | Physics            | Latin                          | Latin              |
| 10 min | Homeroom                       | Homeroom                       | Homeroom           | Homeroom                       | Homeroom           |
| 45 min | Physical Education<br>& Sports | Physical Education<br>& Sports | Latin              | Physical Education<br>& Sports | Biology            |
| 45 min | Fine Arts Elective             | Fine Arts Elective             | Fine Arts Elective | Fine Arts Elective             | Fine Arts Elective |
| 45 min | Lunch                          | Lunch                          | Lunch              | Lunch                          | Lunch              |
| 45 min | English                        | English                        | English            | English                        | English            |
| 45 min | Math                           | Math                           | Math               | Math                           | Math               |
| 45 min | World History I                | World History I                | World History I    | World History I                | World History I    |

Example; exact courses and sequence are subject to change.

The teachers are doing more with you instead of just sitting around and waiting for you to write something down.

> Grade 6 Student

The stuff that they've learned in the first year or two years is tremendous. You can see these connections starting to happen with how the world works.
