# Day Camp

## Adventure awaits; fun begins for | Rising K–Grade 5

Each day at our summer camp is a thrilling new adventure where your child will create unforgettable memories and develop valuable new skills. Every week, campers immerse themselves in hands-on activities, from science and nature exploration to creative and performing arts, sports, and games. Our camp offers a perfect blend of indoor and outdoor adventures, packed with excitement. Special guests and on-campus events bring an extra layer of fun. These adventures are complemented by field trips that tap into local resources, encouraging campers to come together as a community through shared laughter, fun, and camaraderie.

### DISCOVER

Campers explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

### PLAY

Robust outdoor free play and structured games help campers learn sportsmanship and develop their physical strength and endurance. Campers learn critical thinking and problem solving by participating in board games and team challenges with their peers.

### CREATE

Campers express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Campers develop planning skills by working on projects with their peers and can participate in group performances or discussions.

### WONDER

Social and emotional growth is nurtured through camper and instructor led activities that promote a feeling of community and belonging. Campers learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

### LEARN

From imaginative games that stimulate cognitive development to hands-on experiences that enhance motor skills, these activities not only set the stage for academic success but also foster social, emotional, and physical growth.

*\*Please see camp policies page for payment and cancellation policies*

### FEES\*

**Registration**  
(one-time, non-refundable): \$85

**Non-refundable Deposit**  
(per session): \$45

#### Day Camp:

-Gr. K-5 Full Day: \$415  
- Half-Day: \$235

**Early Bird:** \$50 **Late Bird:** \$100

**Early and Late Bird:** \$135

#### Camp Hours:

9:00 AM – 4:00 PM

#### Early Bird Hours:

7:00 AM – 9:00 AM

#### Late Bird Hours:

4:00 PM–6:00 PM

#### Weeks Offered:

July 6 through August 14

*Summer redefined.*

Camp offerings subject to change. We are always looking to add new and exciting camps and activities. View our camp registration portal for the most up to date schedule.

Each week, campers dive into thrilling new adventures inspired by our exciting themes. From daring expeditions and innovative discoveries to boundless creativity and hands-on activities, every moment promises unforgettable fun.

**Explore the full schedule of our summer themes below and get ready to for summer redefined.**

| Week              | Theme                 | Spirit Day           |
|-------------------|-----------------------|----------------------|
| Week 3: 7/06–7/10 | Time Travel Trek      | Decade Day           |
| Week 4: 7/13–7/17 | Wild World Adventures | Safari Day           |
| Week 5: 7/20–7/24 | Folktale Fantasy      | Wacky Hair Day       |
| Week 6: 7/27–7/31 | Space Explorers       | Astronauts Vs Aliens |
| Week 7: 8/03–8/07 | Superhero Academy     | DIY Superhero        |
| Week 8: 8/10–8/14 | Ocean Odyssey         | Beach Day            |

### WEEK 3: TIME TRAVEL TREK

Travel through a different era each day with hands-on activities that bring history to life!

### WEEK 4: WILD WORLD ADVENTURES

Explore unique global ecosystems through science experiments, animal studies, and nature-based creativity.

### WEEK 5: FOLKTALE FANTASY

Read about fantastical book characters and write your own folktale!

### WEEK 6: SPACE EXPLORERS

Explore space through media, hands-on crafting, and space themed games that are out of this world!

### WEEK 7: SUPERHERO ACADEMY

Train like a hero with confidence building activities, obstacle courses, teamwork missions, and creative costume designs.

### WEEK 8: OCEAN ODYSSEY

Dive into marine life exploration with underwater themed crafts, ocean discovery games, and a foam filled Friday!

Summer redefined.

Camp offerings subject to change. We are always looking to add new and exciting camps and activities. View our camp registration portal for the most up to date schedule.

## On-Campus Events | Rising K–Grade 5

### FACE PAINTING

Step into Folktale Fantasy as Hoopla transforms storybook explorers into magical characters with whimsical face painting, speedy cheek-art designs, and sparkling glitter tattoos, letting each child become a brave knight, mischievous fairy, or legendary creature. These fast, colorful designs keep spirits high, making them the perfect complement to a week of reading fantastical tales and creating folktales of their own.

### FOAM PARTY

Aquanauts will dive into a sudsy, underwater adventure with Games2U's Foam Party, flopping and playing in a giant inflatable foam pit that's fun for all ages. This biodegradable, easy-to-clean foam experience is the perfect splash-filled finale to a week of ocean-themed crafts, games, and marine exploration.

### KONA ICE

Fuel your inner hero with Kona Ice of Maple Valley, serving up super-powered shaved ice and island vibes that make any day feel epic. With steel-drum music, the Flavor wave, and bold flavors worthy of a true champion, this frosty treat is the perfect boost for Superhero Academy week.

### ROCK SOLID SCIENCE

Embark on a Wild World Adventure where young explorers dive into hands-on geology fun inspired by Rock Solid Science. Each day brings exciting discoveries—mining for gemstones, experimenting at Discovery Tables, and shaping landscapes in an Augmented Reality Sandbox that brings Earth's wonders to life.

### ROCKET SCIENCE

Young Astronauts will blast off into rocketry by designing and testing Alka-Seltzer or water-powered rockets while learning the science behind launches and Newton's laws. Guided by the Museum of Flight's hands-on programs, this STEM-filled adventure brings space exploration to life through creativity, teamwork, and out-of-this-world fun.

### SEATTLE REPTILE GUY

Join animal expert Marc van Steenis as he leads explorers on a time-traveling adventure through the ancient world of reptiles, amphibians, and insects, featuring 40–50 fascinating species to meet up close. This hands-on encounter reveals creatures whose ancestors lived long before the dinosaurs, sparking curiosity, laughter, and a deeper appreciation for the natural world.

Camp offerings subject to change. We are always looking to add new and exciting camps and activities. View our camp registration portal for the most up to date schedule.

# Specialty Camps

## Explore and expand their interests | Rising K–Grade 10

Our specialty camps are packed with hands-on activities that offer experiences for campers to discover new skills and talents. Whatever your child's interests are, we have fun and unique activities for them to try!

### ANIMAL MENAGERIE

This camp for grades K-2 dives into the exciting world of animals in a hands-on program filled with creative projects, model habitats, and close up creature exploration. Explorers will discover how animals grow, adapt, and thrive while observing real behaviors and designing imaginative habitats.

**Grades:** K–2 | **Week:** July 20–July 24

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$425.00

### ARCHERY

This archery camp for grades 3-5 teaches the fundamentals of aim, focus, and safety through hands-on practice. Young archers develop precision, confidence, and sportsmanship while enjoying a fun, skill-building outdoor experience.

**Grades:** 3–5 | **Week:** August 10–August 14

**Grades:** 6–8 | **Week:** July 27–July 31

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$375.00

### BUDDING ENTREPRENEURS

This entrepreneurship camp for grades 3-5 helps young entrepreneurs develop business ideas while learning marketing, finance, and strategy in a team focused setting. Young professionals create marketing materials, estimate profits, and build real world business skills in a fun, hands-on way.

**Grades:** 3–5 | **Week:** August 3–August 7

**Hours:** 1:00 PM–4:00 PM | **Fee:** \$425.00

### BUG + BUTTERFLY DETECTIVES

This nature inspired science camp for kindergarten lets mini scientists explore insects and tiny creatures that make our world come alive. Through hands-on investigations, movement games, and real science tools. Explorers learn how insects grow, move, eat, and help the environment.

**Grades:** K | **Week:** July 13–July 17

**Hours:** 1:00 PM–4:00 PM | **Fee:** \$425.00

### CHESS

Chess Wizards is a premiere chess education program offering fun, informative, and challenging chess lessons for students in grades K-5. Every chess wizard receives a trophy, t-shirt, folder, and workbook as part of the summer camp experience.

**Grades:** K–2 | **Week:** June 22–June 26

**Grades:** 3–5 | **Week:** July 13–July 17

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$350.00

### CRAFTY SCIENTISTS

Crafty Scientists invites kids in grades K-2 to explore real scientific concepts through hands-on experiments and creative art projects using everyday materials. From fizzy reactions to colorful models, each session turns big science ideas into playful, confidence-building adventures.

**Grades:** K–2 | **Week:** June 29–July 2\*

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$350.00

\*No camp July 3

Summer redefined.

Camp offerings subject to change. We are always looking to add new and exciting camps and activities. View our camp registration portal for the most up to date schedule.

## Explore and Expand their interests | Rising K–Grade 10

### CREATIVE WRITING

This creative writing camp for grades 4-8 sparks imagination through hands-on writing activities and creative prompts. Participants explore character, plot, setting, and participate in fun writing activities.

**Grades:** 4–8 | **Week:** August 10–August 14

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$375.00

### DJ MIXING

This DJ and music mixing camp for grades 7-10 teaches the foundations of remixing and creating original tracks using real technology. Young musicians experiment with popular songs, produce their own music, and share their creations in a final showcase.

**Grades:** 7–10 | **Week:** August 3–August 7

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$375.00

### FINANCE CAMP

This financial literacy camp for grades 6-8 teaches essential money management skills through hands-on activities and real-world simulations. Young accountants set goals, create budgets, explore credit, mortgages, taxes, and debt, and make decisions for their financial future.

**Grades:** 6–8 | **Week:** August 10–August 14

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$400.00

### INTRO TO AI

Explore the world of artificial intelligence through hands-on activities and creative challenges. Learn how computers think, see, and decide while building fun, beginner-friendly projects that spark curiosity and imagination.

**Grades:** K–2 | **Week:** August 10–August 14

**Hours:** 1:00 PM–4:00 PM | **Fee:** \$425.00

### JAZZ FUNDAMENTALS

This Jazz Music Camp for grades 7-10 teaches the fundamentals of jazz to young musicians who already play a string, woodwind, brass, or percussion instrument. The week concludes with a lively performance for their families.

**Grades:** 7 – 10 | **Week:** August 10 – August 14

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$375.00

### JUNIOR SHARK TANK

This fun, face-paced entrepreneurship program for grades 3-5 turns big ideas into real product concepts through brainstorming, prototyping, and creative problem solving. Entrepreneurs explore marketing basics and practice pitching like young CEOs, building confidence as emerging innovators.

**Grades:** 3–5 | **Week:** July 6–July 10

**Hours:** 1:00 PM–4:00 PM | **Fee:** \$425.00

## Explore and Expand their interests | Rising K–Grade 10

### LATIN BOOT CAMP

This camp is targeted toward scholars who have no background in Latin and/or have one year of Latin experience. Scholars will learn the basics about Latin and Roman culture that will improve their study and preparation methods for academic work.

**Grades:** 5–6 | **Week:** August 3–August 7  
**Hours:** 9:00 AM–12:00 PM | **Fee:** \$400.00

### LATIN IMMERSION COURSE

Jump into the world of ancient Rome this summer with an exciting Latin boot camp that teaches the language through stories and conversation, just like learning your first language. Using fun, immersive activities and the Lingua Latina method, learners will gain a natural feel for Latin grammar and sentence structure while building confidence with tricky vocabulary.

**Grades:** 5 – 6 | **Week:** July 20–July 24  
**Hours:** 9:00 AM–12:00 PM | **Fee:** \$400.00

### LEGO DESIGN THINKERS

This creativity packed engineering camp for grades 1-2 uses LEGO to design, test, and improve fun inventions like earthquake-proof towers, rescue vehicles, and imaginative machines. Each session introduces a new challenge while guiding kids through the design-thinking cycle.

**Grades:** 1–2 | **Week:** July 6–July 10  
**Hours:** 9:00 AM–12:00 PM | **Fee:** \$400.00

### LITTLE INSTRUMENT MAKERS

In Little Instrument Makers, musicians in grades K-2 explore the science and art of sound by building real, working instruments like shakers, tambourines, and kazoo's. They bring their creations to life by learning rhythms, composing simple songs, and performing together.

**Grades:** K–2 | **Week:** July 20–July 24 | **Hours:** 1:00 PM–4:00 PM | **Fee:** \$425.00

### MAD SCIENCE CHEM LAB

This hands-on chemistry camp for grades 1-2 explores bubbling reactions, color-changing compounds, polymers, and fun density experiments. Chemists learn to make predictions, observe changes, and discover the science behind everyday materials in a high-energy-driven setting.

**Grades:** 1–2 | **Week:** July 6–July 10  
**Hours:** 1:00 PM–4:00 PM | **Fee:** \$400.00

### MINECRAFT MODDERS

The Minecraft modding camp for grades 3-5 teaches young gamers how to create modifications for one of their favorite games. Young gamers develop computer skills and creativity that extend from gaming into real world applications.

**Grades:** 3–5 | **Week:** July 27–July 31 | **Hours:** 9:00 AM–4:00 PM | **Fee:** \$800.00

## Explore and Expand their interests | Rising K–Grade 10

### MINI LEMONADE STAND

Mini Lemonade Stand for grades K-2 teaches young business owners how to make delicious lemonade, explore recipes and learn basic money skills like counting and making change. The week culminates in a fun showcase where they run their own lemonade stand and manage their own imaginary business.

**Grades:** K–2 | **Week:** July 12–July 17

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$425.00

### MINI MASTERPIECES

This vibrant art camp for grades 3-5 invites artists to explore the styles of famous artists like Matisse, Kehindi Wiley, and Yayoi Kasuma while creating original art pieces inspired by their techniques. Each day features colorful, hands-on projects, from swirling skies to bold collages, designed to spark creativity and self-expression.

**Grades:** 3–5 | **Week:** July 6–July 10 | **Hours:** 9:00 AM–12:00 PM | **Fee:** \$425.00

### MINI MED SCHOOL

This hands-on medical science camp for grades 3-5 explores the how the human body works through fun, interactive lab projects. Mini doctors build a pumping heart, create lung simulations, investigate bones and joints, and experiment with brain reactions, gaining a behind the scenes look about how doctors think and problem solve.

**Grades:** 3–5 | **Week:** July 13–July 17 | **Hours:** 1:00 PM–4:00 PM | **Fee:** \$400.00

### MINI ROBOTICS

This playful robotics camp for kindergarten explores circuits, sensors, motos, and cause-and-effect through fun guided builds. Innovators design simple creations that move, light up, or react; building early STEM confidence, and engineering skills.

**Grades:** K | **Week:** July 12–July 17 | **Hours:** 9:00 AM–12:00 PM | **Fee:** \$400.00

### PLAY CREATION THEATER ADVENTURES

This theater camp for grades 3-5 lets young thespians explore acting, playwriting, and set design while creating their own mini play. Young thespians develop characters, build props and sets, rehearse scenes, and perform their original story in a final showcase.

**Grades:** 3–5 | **Week:** August 3–August 7

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$425.00

### SCUPLTING MINATURES

In this creative clay camp for grades 3-5, artists will learn to sculpt miniature foods, animals, characters, and more using Sculpey clay. Each day introduces new themes and techniques, with finished pieces baked, decorated, and proudly displayed; perfect for anyone with a big imagination and a love of tiny creations.

**Grades:** 3-5 | **Week:** June 29–July 2\*

**Hours:** 9:00 AM–12:00 PM | **Fee:** \$325.00

\*No camp July 3

## Explore and Expand their interests | Rising K–Grade 10

### SOCCER

Join Xtatic Soccer Club for a fun and active introduction to soccer. This program builds basic skills like dribbling and passing while encouraging teamwork, confidence, and movement through games and simple drills.

**Grades:** K–2 | **Week:** July 27– July 31 | **Hours:** 1:00 PM–4:00 PM | **Fee:** \$425.00

### SPORTS MENAGERIE

This sports camp for grades 5–10 introduces beginners and intermediate players to the fundamentals of basketball, baseball, volleyball, soccer, and more. Players practice drills, enjoy team games, and take part in tournaments to develop skills and have fun.

**Grades:** 5–10 | **Week:** August 3–August 7  
**Hours:** 1:00 PM–4:00 PM | **Fee:** \$400.00

### VOLLEYBALL SKILLS CAMP

This Volleyball skills camp for grades 6–10 helps beginners and intermediate players improve ball handling, motor skills, and teamwork. Players learn the basics of the game, practice court rules, and develop skills through fun, active sessions.

**Grades:** 6–10 | **Week:** August 10–August 14  
**Hours:** 1:00 PM–4:00 PM | **Fee:** \$400.00

### WEIRD NATURE SCIENCE

In this program, campers will be learning about physics and the natural world through fun, easy science experiments in chemistry and physics. We will learn about states of matter, the animal and plant kingdoms, and how things we interact with in our everyday lives really work. This is the perfect camp for those who love science or engineering or just want to get a little messy.

**Grades:** 3–5 | **Week:** June 22–June 26  
**Hours:** 9:00 AM–12:00 PM | **Fee:** \$425.00.00

### YOUTUBE CREATOR

This YouTube content creation camp for grades 3–5 teaches young influencers how to film, edit, and produce engaging videos. Young influencers learn to use digital cameras and audio/video editing tools to create unique content for their audience.

**Grades:** 3–5 | **Week:** July 20–July 24 | **Hours:** 9:00 AM–4:00 PM | **Fee:** \$800.00

Summer redefined.

# Camp at a Glance

Build a full-day of fun for your child with a morning and an afternoon activity. Full day campers enjoy a supervised lunch and recess between their two activities. Day Camp is available weeks 3 through 8 with flexible options: AM Session; PM Session; both AM and PM Sessions.

**LUNCH:** Campers spending a full day on campus will have a designated lunch time from Noon to 1:00 PM.

**WATER:** Please have your child bring a water bottle to camp each day. Summer is hot and we want to make sure our campers are well-hydrated. Water refill stations will be available.

## **PAYMENT POLICY**

A one-time, \$85 non-refundable registration fee, plus a \$45 non-refundable deposit per session is required at registration. The balance of fees for summer programs will be automatically withdrawn on May 1 from the credit card on file. Receive a 10% discount off total camp tuition when registered by February 20.

## **REFUND/CANCELLATION POLICY**

Cancellation requests must be received at least 2-weeks prior to the start date of the camp. No refunds will be given for cancellations within 2 weeks of a camp starting. Refunds will not include the \$45 deposit or the \$85 registration fee. Variations from this cancellation policy will be noted in camp descriptions. In the event the school must cancel a camp, every effort will be made to find a replacement class for the camper. If the school must refund due to cancellation of a camp, the refund may include all fees, including deposit and registration.

## **SIBLING DISCOUNT**

10% sibling discount (applied to second and subsequent children only, and not applicable for Early/Late Bird).

## **REFERRAL DISCOUNT**

\$50 camp tuition credit to the referring family for each camper referred. Referred camper must list referring family name when registering in ACTIVE. Credit may only be used in ACTIVE; no check or cash bonuses.

## **LUNCH**

Campers should bring their lunch daily. Lunch will not be provided or available for purchase at camp.

## **WATER BOTTLES**

Campers should bring their own water bottle to camp. Water refill stations are available.

## **T-SHIRT**

Each camper receives one t-shirt with camp registration (sizes 2T – Adult 3XL).

## **SUNSCREEN/INSECT REPELLENT**

Sunscreen and/or insect repellent should be applied prior to coming to camp. If your camper requires reapplication of the product while at camp, an authorization form must be submitted to the Health Office. Campers are required to bring their own sunscreen and/or insect repellent.

# Summer Courses Fees and Policies

Offered at BASIS Independent Silicon Valley

## DEPOSITS

A \$100 non-refundable deposit is required for each course. Deposit amounts will be deducted from the program fees. Please see Program/Course Changes below for our one-time complimentary deposit transfer policy.

## TUITION FEES AND BALANCES

Tuition fees are as listed and on our website. The balance of fees for summer programs will be automatically withdrawn on May 1 from the credit card on file.

## MULTI COURSE DISCOUNT

Receive \$50 discount when you register for 2 courses per student; \$75 discount when you register for 3 courses per student; \$100 discount when you register for 4 or more courses per student.

All courses need to be purchased in one transaction to be eligible for the discounts.

If courses are purchased in separate transactions, email the Summer Team at [sv.summer@basisindependent.com](mailto:sv.summer@basisindependent.com) for a coupon code to apply at checkout when registering for additional course(s).

## REFERRAL DISCOUNT

\$50 summer tuition credit to the referring family for each student referred. Referred student must list referring family name when registering in ACTIVE. Credit may only be used in ACTIVE; no check or cash bonuses.

## PROGRAM/COURSE CHANGES

There will be one complimentary program/course change allowed by April 24. During this complimentary change, your initial \$100 deposit will be transferred to the new program/course without any additional charge.

Any additional changes made by April 24 will incur a \$25 charge to each transaction. No changes are permitted after April 24.

## LATE PICK-UP FEE

Late Pick-Up fee will be charged at the time of pick up if student is not picked up within 10 minutes after the conclusion of the program. Starting 10 minutes after scheduled end time of the program, a \$25 fee plus \$1 for each additional minute will be charged.

## REFUND POLICY

Until April 24:

Refunds are permitted, minus the \$100 non-refundable deposit.

After April 24:

In the event that a course is canceled due to low enrollment, the full amount (including the non-refundable deposit), minus a \$25 processing fee, will be refunded. There will also be no tuition refunds or tuition transfers for any reason other than course cancellation. Deposits and program fees are non-refundable under any and all circumstances and cannot be transferred to another session or another student. This includes, but is not limited to, absence(s), withdrawal before the end of the program, and disruptive behavior or other misconduct.

## IMPORTANT DATES

- January 12: Registration opens.
- April 24: Cancellations and refunds permitted, minus the \$100 non-refundable deposit.
- May 1: Registration closes and the balance of fees for summer programs will be automatically withdrawn on May 1 from the credit card on file.
- After May 1, Registration remains open only if there are remaining spaces. Full payment required for all registrations on or after this date. Wait-lists available for programs with full capacity.

## ATTENDANCE POLICY FOR FOR-CREDIT ACADEMIC COURSES

- Students must inform the teacher in advance before missing any class.
- Students may miss no more than 5 days if enrolled in any for-credit course, with the exception of Economics, in which students may miss no more than 3 days.
- If you have not been approved by your school to be eligible to register for a math level, you will not be issued a refund.

Summer redefined.

Camp offerings subject to change. We are always looking to add new and exciting camps and activities. View our camp registration portal for the most up to date schedule.

*Some answers might be slightly different depending on the situation or student.*

## QUESTIONS ABOUT REGISTRATION AND ELIGIBILITY

**Q: When is the last date to register for summer courses? In addition, are there different dates for different courses?**

A: The last day to register is the Thursday before the first date of the summer course you are planning on taking. Courses may fill up prior to that date so we recommend signing up early to reserve space. The majority of our for-credit courses run for the entirety of the five week session, however we also have enrichment programs that are scheduled for one and two weeks. All course schedules are varied based on the subject matter and general requirements of each course.

**Q: If I change my mind about a summer course and want to cancel enrollment can I get a refund?**

A: Refunds will be given prior to April 25 in certain circumstances, and minus the \$80 deposit. Refunds may be given if a parent purchased a duplicate course by accident, but not if a for-credit course was purchased for a student who has not met the eligibility requirements for the course. Please note that after April 25, refunds will not be issued for those instances in which a child wishes to cancel their registration.

**Q: I saw a summer course that I wanted to sign my child up for but now it is not available online. Is the course full?**

A: As we get closer to the end of May, we will cancel those courses that have not met the minimum enrollment number. However, sometimes searching in ACTIVE does not yield the results that it should, so please let us know what course you are looking for and we can confirm.

**Q: I am registering my child for the Algebra 2/Geometry for-credit course. I noticed that there's a disclaimer "I understand as a BASIS Independent student that I am required to receive Dean approval prior to registering for any for-credit math courses. I also understand that if I choose to register without approval, and my child subsequently is not approved for the course, the deposit and tuition paid are not refundable." Should we get Dean approval before registering?**

A: Yes, while BASIS Independent students may wish to accelerate their math pathway, they must do this with approval. During T2, current students who are in Algebra 2/Geometry and below will be informed if they have a high enough average in their current math class to be eligible to sign up for summer math acceleration (if they wish to). Newly admitted students must also meet eligibility requirements to accelerate their math course. Any child who enrolled in a for-credit course that they are not eligible for will not be refunded for the course.

**Q: My child is currently taking Algebra 1/Geometry. Can they can take Algebra 2/Geometry this summer for credit?**

A: During T2, families will receive an email letting them know if their child is eligible to move on to the next math level. If you have not received this information by March, please check with your child's Dean.

**Q: My child has self-studied for math over the last several years and knows higher-level math than the summer course. Please tell me why they cannot test out of the math level and accelerate that way?**

A: Your student will need to take their next math class in sequence over the summer so that this course is listed on their academic transcript. We have to strictly follow our course sequencing so that all graduation requirements for specific math levels are listed per the state of California requirements. We have many students who opt to self-study in a variety of subjects, but we still have to follow the transcript and have them enrolled in the next course in sequence irrespective of any outside knowledge that students may learn in various enrichment environments. They may find the course easy this summer, but they can definitely use that to their advantage, as it is an accelerated course with a short time span.

**Q: Is there an option to enroll in enrichment programs for only certain days, with the fees prorated accordingly?**

A: We will not be able to prorate the cost, but you are welcome to enroll a student in an enrichment course even if they do not plan to attend all dates.

*Some answers might be slightly different depending on the situation or student.*

## QUESTIONS ABOUT ATTENDANCE

**Q: Is my child required to take the entire 120 hours of course material, or can they just take the final assessment?**

A: In order to get the full academic credit, your child will need to participate in the course and attend all but five days. Missing more time than this will mean that your child does not earn credit for the course.

**Q: We have plans for travel during the first week of class; will you be able to share recordings of the lessons that my student will miss? Can they self-study to stay on track and make up work when they return?**

A: All of our courses are live, high engagement courses, whether offered in-person or virtually. Curriculum is taught during the classes themselves, and we do not offer resources to self-study, as the intention of the course is that it is an instructor led class. Specific to our absence policy however, students are required to attend the first and last weeks of for-credit courses. These weeks are simply too important to the course with respect to the foundational knowledge and procedures.

**Q: My child has qualified for a competition and will be missing some days of the summer course. How should we handle this?**

A: That is a very exciting prospect! Please keep in mind that students may miss no more than five days if enrolled in any for-credit course, with the exception of Economics, in which students may miss no more than three days. Please alert the Summer HOS about your planned travel dates to see if taking the course this summer is advisable based on the time your student will be missing. Please note that students may not miss any dates during the first and last weeks of any for-credit summer course.

## QUESTIONS ABOUT THE START OF THE COURSE AND GRADING

**Q: We've registered for an in-person course. Will we be able to order lunch online like during the regular school year?**

A: Unfortunately, we do not provide lunch during the summer. Students should bring snacks and/or lunch each day.

**Q: When will I receive my Schoology login to be able to access content for my summer course?**

A: The logins will be shared approximately a week prior to the first date of your summer course. These credentials will be sent to the email address that parents used to register their student for our summer program.

**Q: The course my child signed up for has an eBook set as the textbook. When will I find out how to access the text?**

A: Within a week of the start of the course, you will receive an email with Zoom login information for your child's course. More details will be shared during the first class meeting.

**Q: What are the grading policies for summer programs; how do I know if my child passed on to the next math level?**

A: To move on to the next math level in the fall, students need to earn both a 90% on the final exam and a 90% grade in the course. If it ends up being the case that your student does not earn a 90% or better for the final grade, we would have your student repeat their summer course in the fall.

**Q: After the final exam, how soon will we know if our student passed their math course?**

A: The final is held on the last day of the course, and all final grades are submitted that same day. Final grades for summer courses can be expected in a week to 10 days following the end of the course. Based on the results, math levels are then scheduled for the coming school year.

to Learn More and  
Register Online Today!

For general program or ACTIVE questions, email the Summer Team at  
[blv.auxiliaryprograms@basisindependent.com](mailto:blv.auxiliaryprograms@basisindependent.com).

**DO I NEED TO PAY FOR AN ACTIVE MEMBERSHIP TO SIGN MY CHILD UP FOR AN ACTIVITY?**

No. All ACTIVE membership advertising can be bypassed without payment. You ARE NOT required to pay for extra insurance and may opt out of this coverage during the checkout process.

**DO I NEED TO CREATE AN ACCOUNT ON ACTIVE WHEN REGISTERING FOR AN ACTIVITY?**

During online registration, you are asked to enter an email address. The system verifies if an account already exists. If yes, then the password is required. If no, then at the end of registration, you will be required to create a password so that an online account is established. Note: if you already have an online account, use the SAME email address and password used when online account was created.

**HOW DO I KNOW IF I'VE SUCCESSFULLY REGISTERED FOR AN ACTIVITY?**

A confirmation email is automatically sent to the primary parent/guardian email address in ACTIVE.com after registration has been successfully completed.

**HOW DO I ADD AN ACTIVITY AFTER MY INITIAL REGISTRATION IS COMPLETE?**

Access your online account at <https://campsself.active.com/basisindependentbellevue> using the SAME email address and password used when online account was created. Select REGISTER FOR MORE PROGRAMS. Note: ACTIVE.com works better on Chrome. You may need to sign-out and then sign-in again to get your most up-to-date account information and registered class schedule.

**HOW DO I DROP AN ACTIVITY AFTER I'VE REGISTERED FOR IT?**

See the Camp Policies page in this brochure for cancellation policies. Cancellation requests must be made by emailing the Summer Team at [blv.auxiliaryprograms@basisindependent.com](mailto:blv.auxiliaryprograms@basisindependent.com) by the stated deadline.

**HOW DO I KNOW WHEN ACTIVITIES START?**

Activity dates and times are in this brochure and also on ACTIVE.com under activity description. Parents will receive a reminder of the start date for registered classes at the primary email address on file in ACTIVE.com.

*Summer redefined.*

Camp offerings subject to change. We are always looking to add new and exciting camps and activities. View our camp registration portal for the most up to date schedule.
